

ENVIRONMENTAL POLICY STATEMENT

Industrial Hydraulic Services Ltd, acknowledge the environmental implications of its activities and will ensure that all operations are carried out in order to achieve a high standard of environmental, health and safety care.

The Directors of the Company fully recognise their duties with regard to compliance with relevant environmental legislation standards and regulations and will work towards the most effective methods, and adopt a position of responsibility by committing to a policy of continuous improvement and pollution prevention. This policy will be made available internally to our staff and externally to our suppliers and contractors. The policy is also available to the public when requested and will be made available on the company's website.

The environmental impact of any awarded contracts will be fully considered as an integral part of 'new business' policy

AIMS:

- Provide guidance on environmental management
- Ensure compliance with all relevant legislation, regulations and standards
- Monitor progress on a regular basis with a view to improve environmental performance
- Annually review our progress and monitor our achievements against set targets and objectives

REDUCTION IN ENVIRONMENTAL IMPACTS THROUGH IMPROVEMENT VIA:

- Waste reduction
- Ensure effective segregation of all paper, plastic, card, wood etc.
- Recycling initiatives
- Purchasing policy of materials and sustainability
- Energy and water usage
